MALT BITTERS.

MALT BITTERS TRADE MARK MALT AND HOPS

Delicate females.—The exactions of society, added to the cares of maternity and the household, have tested beyond endurance the frail constitutions which have been granted the majority of women. The very complexity of the female organism invites and fosters disease, and at a period when they should be strong and healthy, many women suffer from ulcerative weakness and debility. To combat this tendency to premature decline, no remedy in the world possesses the nourishing and strengthening properties of MALT BITTERS. They enrich the blood, perfect digestion, stimulate the liver and kidneys, arrost ulcerative weaknesses, and purify and vitalize every function and process of the female system. MALT BITTERS are prepared, without fermentation, from Canadian BARLEY MALT and HOPS, and warranted superior to all other forms of malt or medicine, while free from the objections urged against mait liquors. mait liquors.

Ask for MALT BITTERS prepared by the MALT BITTERS COMPANY, and see that every bottle bears the TRADE-MARK LABEL, duly signed and inclosed is wave lines as seen in cut.
